

Invitation to submit a case study to CSBIGS

The journal « Case studies in Business Industry and Government Statistics » is a journal of the French Statistical Association:

<http://publications-sfds.fr/index.php/csbigs>

Christine Thomas-Agnan, the chief-editor, would like to organize a special issue about CODA in order to promote this topic in France

Conditions to submit: must be able to provide the data set (and preferably the code) . In case of confidential data, we accept data based simulations.

Please notify as soon as possible your intention to submit a case and send me your paper before September 15th 2017

For questions: christine.thomas@tse-fr.eu
