### Wednesday 7<sup>th</sup> Excursion & Dinner

Meeting point: Mining Museum Area 4:00 pm, Suor Gemma street, 5.

The history of the Amiata and of its people enjoyed a moment of particular intensity from the second half of the 19<sup>th</sup> century onwards, when the discovery of remarkable deposits of cinnabar transformed for a century the modus vivendi of the locals, used until then to living on "bread made of wood and wine made of clouds", in other words chestnut meal porridge and water. A visit of the external area of the mine is planned; trekking shoes are recommended. The excursion will continue with the visit of the historical village of Abbadia S. Salvatore with a guide. The social dinner (approximately at 8:00 pm) will be held in the Mining Museum Area where also a tasting of wine and typical food will be offered by local producers.

The walking visit of the mine tunnels is planned after dinner. Formal dress is not required.

Welcome and enjoy
